The export includes eligible students with Active Rtl Status and Intervention Indicator 13 while excluding students with active Special Education or Section 504 statuses. **Section 504 Committee's Decision**

The Section 504 Committee's analysis of the eligibility criteria as applied to the evaluation data indicates that at this time, Eileen is:

- Not 504 Eligible  
Eileen is not eligible under Section 504.
- 504 Eligible - Plan  
Eileen is eligible under §504, and will receive a §504 Services Plan that governs the provision of a free appropriate public education to Eileen. Eileen will receive manifestation determination, procedural safeguards, Re-Evaluation or more often as needed, as well as the nondiscrimination protections of §504.
- 504 Eligible - No Plan (In Remission)  
Eileen is eligible under §504, but will not require a §504 Services Plan because the physical or mental impairment is in remission, and there is no current need for services. Eileen will receive manifestation determination, procedural safeguards, periodic re-evaluation or more often as needed, as well as the nondiscrimination protections of §504. Should need for a Plan develop, the §504 Committee shall reconvene and develop an appropriate §504 Services Plan.
- 504 Eligible - No Plan (Mitigating Measures)  
The student is eligible under §504, but will not require a §504 Services Plan because Eileen's needs are met as adequately as her nondisabled peers due to the positive effect of mitigating measures currently in use. Eileen will receive manifestation determination, procedural safeguards, periodic re-evaluation or more often as needed, as well as the nondiscrimination protections of §504. Should need for a Plan develop, the §504 Committee shall reconvene and develop an appropriate §504 Services Plan. This result applies when the mitigating measures are neither provided by nor implemented by the School.
- 504 Eligible - No Implemented Plan (Refusal/Revocation of Consent for Services)  
Eileen is eligible under §504, but will not be served under a §504 Services Plan at this time because Eileen's Parent has either refused consent for initial Section 504 Services or has revoked consent for continued Section 504 Services. The Parent's action is documented in the Parental Consent for Section 504 Services form. The Committee will complete the Section 504 Services Plan, but the Plan will not be implemented due to the Parent's refusal to consent or revocation of consent. Eileen will receive manifestation determination, procedural safeguards, Re-Evaluation or more often as needed, as well as the nondiscrimination protections of §504. Should the Parent desire Section 504 Services for Eileen, the Parent will notify the §504 Coordinator to convene a Section 504 Meeting.
- Continued 504 Eligibility  
Eileen remains eligible under §504 and will receive an updated §504 Services Plan that governs the provision of a free appropriate public education to Eileen. Eileen will receive manifestation determination, procedural safeguards, Re-Evaluation or more often as needed, as well as the nondiscrimination protections of §504. (For use with Re-Evaluations).
- Dismissal from 504  
Eileen is no longer eligible for Section 504 and is exited from the program. Eileen will now receive regular education without Section 504 services. Eileen will receive the nondiscrimination protections of Section 504 as a student with a record of an impairment, together with procedural safeguards, but will not receive manifestation determination, or Re-Evaluation.
- IDEA Eligible & 504 Dismissal  
Eileen has been determined special education eligible by an IEP Team. Consequently, Eileen is no longer served through a Section 504 Committee and is exited from the program. Eileen will receive a free appropriate education through the IEP Team, together with the nondiscrimination protections and procedural safeguards of Section 504.
