The July 2012 Aesop Release will contain the following enhancements, bug fixes and modifications.

Enhancements

1. **Web Time: Weekly Overtime Report** – The Weekly Overtime Report will now be automatically be sent to the distribution list of Kelly users on Tuesdays. You will continue to receive the report on Mondays.

Customer Impact

During the deployment, KASS will be unavailable to all users for approximately four hours, from 6:00 a.m. until 10:00 a.m. EDT on Saturday, July 21st. If a user attempts to login into the system via the web or phone, they will receive a message stating that the system is unavailable due to scheduled maintenance. We will be posting Aesop Edge classes shortly after the release, for a more detailed walkthrough.

The deployment to production will take place on Saturday, July 21st. The system will be back up and available for users at approximately 10:00 a.m.
